## "QUALITY PRODUCERS"

IT'S EASILY EXPLAINED why people buy RELIANCE tools from choice and show them with pride to their friends. It's all owing to the exceptional quality of the article—and the dealer in position to furnish the goods not only makes a nice profit on the transaction, but excites favorable comment concerning his stock and immediately becomes popular with the tools. Other sales are sure to follow, and so the business goes on increasing—strictly on a quality basis, which is the most profitable method among merchants.

What could be simpler than buying the best CHISELS, GOUGES and DRAWING KNIVES made? They're sure to sell.

BEST TOOL BUYERS REALIZE A GREAT ADVANTAGE IN HAVING A LINE SO VERY DISTINCTIVE.
